

Reading ABOVE Grade Level.

The words every parent hopes to hear.

2022

“ I wanted to share with you the great news that I received this morning. My child's resource teacher called me to tell me that he is reading ABOVE GRADE LEVEL! I cannot even try to explain the joy and emotion that came over me. Thank you for what you do. ”

April 2022

My child had a make-up session with her instructor a few weeks ago and I want to let you know that she was amazing. I listened in to the call and she had lots of energy for the children. She had them very engaged as well. :)

June 2022

I wanted to take a moment to thank you for your efforts with my child over the past two years. Your approach and kindness fuelled his success and confidence. Future students will be lucky to have you as their teacher. This program has made such a positive difference for him, the confidence he has with reading is such a joy to see.

July 2022

We were very impressed with the program. Our child went from reading a level 1 book at Christmas to reading chapter books by April. His teacher was wonderful with him.

August 2022

I want to thank you. It means the world to me that he will start grade 4 with confidence. I love seeing his confidence grow and taking on new skills in reading and writing.

November 2022

You have been absolutely amazing through this whole process. It's safe to say that our experience wouldn't have been nearly what it was had you not been involved. It was an absolute pleasure dealing with you the whole way through!

April 2022

Thanks so much! We loved the program and found it to be very beneficial for our child. We may attend again this year if our schedules align.

May 2022

Had to share this comment driving home tonight from Busch Gardens:

“Mum – don't worry about me when we go home. I am going to get right back at SpellRead. If I am being honest with you, I kind of miss my teacher. She is my favourite teacher. I am going to raise my game when we get back because I have been asking her for too many breaks.”

2024

“ She LOVED it! Not sure what magic tricks her teacher was doing on the first day but she came home excited to read the book she chose for her. I’m happy we made this choice for her and we’re thankful for your guidance! Can’t wait to see her progress !!! 🥰

May 2024

I am writing to express our happiness with the progress our daughter has been making in the SpellRead program. We have noticed some improvements after only one week, and we are grateful for the support and dedication from her teacher.

January 2024

Thanks so much for reaching out. Piper is really enjoying it so far. Between starting tutoring and medication for her ADHD, I have seen a great deal of improvement in such a short period of time for her. She is now just picking up books at home and trying to read them, which she has never done before. Linda is lovely and Piper is still enjoying her sessions with her.

Summer 2024

Hi Kim, I feel so empowered since speaking to you and have read through / watched much of the information I’ve received over the past few days. I feel confident this is the right place for Finn to be in September and am so grateful (already) that we found you.

July 2024

I wanted to share a win with you! Leah spontaneously wrote this little note to the tooth fairy (calling her out for not bringing them money when they lost their last tooth and swallowed it lol... a year ago... bad tooth fairy!). This is a huge win – the first time I’ve ever seen them spontaneously write a note and not require help for the entire exercise. They said they wanted to write it, and then they did!!! I am so very proud of them. Also, Leah really enjoyed Monday’s session. I think there is a good match between you! Thank you for being you!

Fall 2024

Kim, I don't know what your specialists are reporting but I want to report to you what P***a told me. She said that he is participating, not just at SpellRead now, but even after just two or three sessions with your folks, he is now participating in the classroom and answering questions in front of the other students, something that he would never do before. I totally understand that this is early days but when I think about his level of cooperation when he first came to you and what P***a is reporting now. I am vastly encouraged and very grateful.

2023

“Thank you for all of your help. You have been amazing and I can tell you truly love what you do. I am so happy my child has a spot with you all!! 💕”

September 2023

Once the session was over, she said she had the best time and that the teacher was the nicest teacher she's ever had! She is looking forward to tomorrow. So all and all she had a fabulous experience.

August 2023

I want to thank you for all the success he has had. This past year we have seen amazing growth in his literacy development and I couldn't be more proud.

November 2023

We loved everything about today and feel optimistic about the progress that our child will make there with you. Please send the registration information so we can get started with you.

November 2023

He loves it SO MUCH. He really enjoys class and it's making a big difference at school too.

Fall 2023

Thanks very much for the feedback. We are very proud of our child and are starting to see the benefits of his hard work. He really enjoys working with his teacher and looks forward to his time with her every week. We look forward to seeing more of what he can achieve!!

December 2023

He spelled the word "goose" all on his own while we were practicing the speed packs and sounds today – "wait is this how you spell goose?" Pretty pleased with himself and fun for me to see that spark of things coming together for him.

2026

“My son had a very positive experience at the centre yesterday; he actually told me he wanted to attend tutoring and asked when he could start. So far so good! He enjoys going, he was happy heading off to tutoring this afternoon which is great! And he is with a group of boys around his age which made him a lot more comfortable. Thanks so much for all of your help so far. I think we are off to a great start! ”

February 2025

Thank you for following up. All is well with us and hope the same for you. We received an update from Evelyn's teachers that she has moved up two grade levels in her reading so this was wonderful to hear and a boost of confidence for Evelyn.

Gavin felt so confident after his session that when he asked what the password was for the wifi, I said, "training" and ready to spell it and he stopped me and said, "let me do it". He spelled it like: this "training." Thanks Kim! He felt really confident leaving yesterday and even mentioned this morning again about how well he read yesterday. :)

This is an excellent update. Thank you very much for sharing. I must say that I am beyond pleased with this program and Hadley's progress so far. I would strongly recommend this program to others.

May 2025

Thanks so much for this! We have been over the moon happy with the progress Harrison has made this past year. Enrolling him with Halifax Learning has been the best decision we have made for his education. Seeing his confidence increase over the year has been wonderful.
